Pittosporum tobira

PT

Pittosporaceae

A detailed botanical illustration of a Pittosporum tobira plant, showing its dense, rounded habit with thick, dark green, glossy leaves and small, bright yellow flowers. To the left of the plant is a vertical column of seven icons: a globe, the number '9+11', a sun, a hand holding a cup, a horizontal line, and a pair of glasses. The background is white.

Cycas revoluta

CR

Cycadaceae

A detailed botanical illustration of a Cycas revoluta (Sago Palm) plant. The plant features a thick, textured, brown trunk and a crown of long, dark green, feathery fronds. To the left of the plant is a vertical list of seven icons: a globe, the text '9-12', a sun with a black center, a sun with a white center, a watering can, a horizontal line with a vertical line through its center, and a pair of scissors. The background is white.
