

Declaration on the Use of Generative Artificial Intelligence

I hereby declare that generative Artificial Intelligence tools were used exclusively for editorial support during the preparation of the thesis “*The Community Hub as Urban Strategy: The adaptive reuse of The Former Custom House as a catalyst for the regeneration of Pietra Alta district in Turin.*” Their use was limited to grammar correction, translation, paraphrasing suggestion and improving the readability and clarity of the text.

All research, critical analysis, methodological choices, project development, interpretations, conclusions and the final content of this thesis are entirely my own responsibility.
