

★ ACCADEMIA ALBERTINA DI BELLE ARTI - GRUPPO REGIONALE "MARIO GIODA"

Technical drawing of a mechanical part showing a cross-section. The part is hatched to indicate a cross-section. A dashed line shows the original shape before a cut. Dimensions include a total width of 11.80m and a radius of 12m.

Technical drawing of a drainage system layout. The drawing shows a long, narrow channel or trench. On the left side, there is a manhole with a circular cover. The elevation of the manhole is marked as -11.80m. The channel runs horizontally across the middle of the drawing. On the right side, there is a staircase leading down into the channel. The elevation of the staircase is marked as -10.60m. The channel ends on the right with a vertical wall and a door. The elevation of the door is marked as -8.90m. The drawing includes a north arrow pointing towards the top right. The area around the channel is shaded with a cross-hatch pattern. The channel itself is filled with a diagonal hatch pattern.
