

Aras Innovator 33

Installation Guide

Document #: D-008112

Last Modified: 9/24/2024

3.3.2 License Agreement

Make sure that you read the license agreement carefully before agreeing and proceeding with the install.

Figure 3.

This screen allows you to print the license agreement using a rich text editor, such as Wordpad, by clicking **Print**. The **Next** button remains disabled, until the **I accept the terms in the license agreement** option is selected.

1. Click **Next** to proceed with the installation.
2. Click **Back** to return to the previous screen.
3. Click **Cancel** to exit setup.

7.7 The page isn't redirecting properly

When attempting to open the root Aras Innovator page, you may get the error shown in Figure 53.

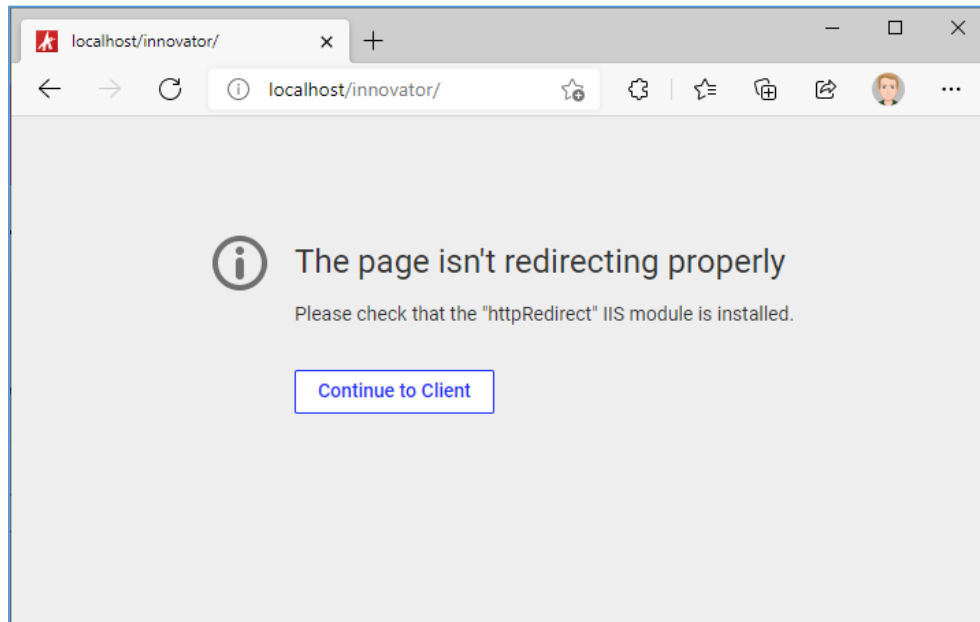

Figure 53.

To resolve this issue, you need to install the [HTTP Redirect](#) IIS module:

```
Enable-WindowsOptionalFeature -Online -FeatureName IIS-HttpRedirect
```

5. Execute the file while specifying the full path to the installer

- ChangeGUID `<path>\InnovatorSetup.msi`

Where `<path>` is the directory path to where the `InnovatorSetup.msi` is located.

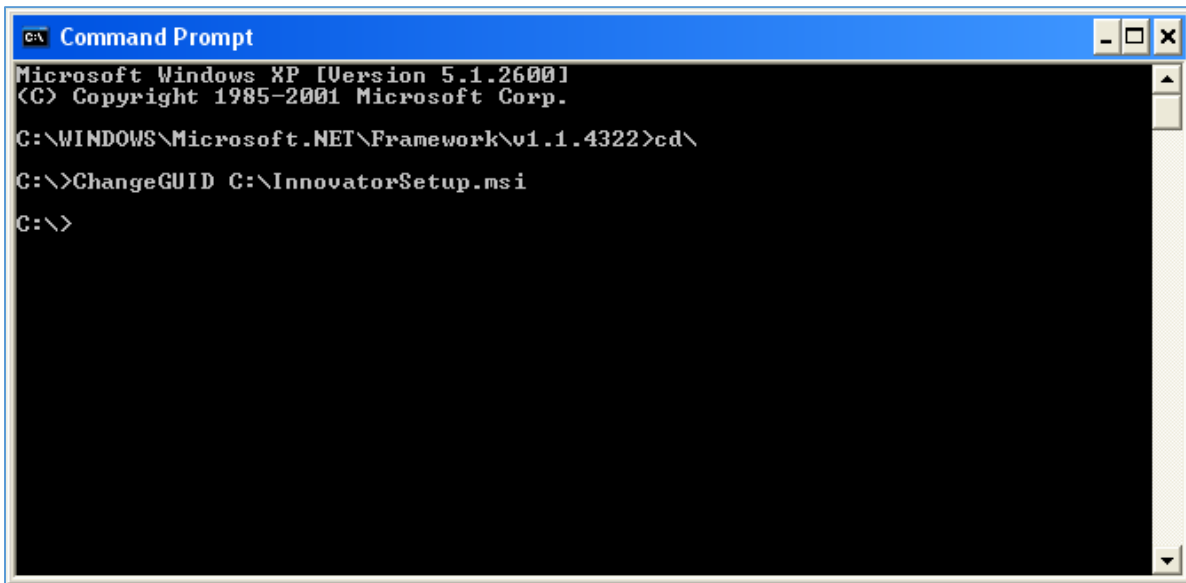

Figure 55.
